### **Item 4. Reports from Councillors.**

County Councillor Dan Levy's report concentrated largely on transport issues. With news of feasibility studies being undertaken on the expansion of the rail services between Carterton, Witney, Eynsham and Oxford. Another feasibility study into a cycle/walking path from Eynsham to Hanborough station.

Dan was pleased to report that the First and last bus service between Standlake, Northmoor, Stanton Harcourt and Eynsham was up and running and being well used. Moving on to the proposed works to the A40, Dan felt the schemes were flawed but it was too late to change. He saw some benefits such as the improvement to the Cassington junction, but were outweighed by cost to the environment, and dangers to pedestrians crossing the road.

Roads, cars, and towns means parking, and he expects parking enforcement to return to OCC.

School transport is also under review, with the intention of making it fairer to families.

Dan ended with a call for everyone to be neighbourly in these difficult times with Covid still present in our community.

District Councillor Lysette Nicholls reported that WODC had a community grant with a closure date of 25 April.

Lysette said the District Council were reducing the frequency of cutting the roadside verges to assist with biodiversity.

Electric charging points were being rolled out in West Oxon car parks. Finally, Lysette spoke of Ukrainian family support and coordination being a priority for those families arriving in West Oxfordshire.

Parish Councillor Carrie Berry was pleased to hear that a dog waste bin had been agreed for Standlake Road.

Carrie reported that there had been representation about some parishioners being unable to read Minutes of this Council's meetings with the website out of date and whether they could be also posted on the noticeboard.

Parish Councillor Neil Reeves said that he had reported the broken signpost at the junction of Standlake Road and Church Road plus numerous potholes on fix-my-street.

Parish Councillor Valerie Ryan reported that all allotments had been taken and rental monies collected. Valerie also said she had looked at the playing field apparatus and fencing and found some in need of repair.

Parish Councillor Maureen Sears expressed her continuing concern over the absence of water from the Brook and that the source of the problem needs to be identified.

Parish Council Chair, Graham Shelton, spoke of the need to update the Northmoor Plan, and identify and take steps to protect the green spaces within our community. Graham remarked that the signs warning HGVs to not cross the Thames at Newbridge contained statistics that were very out of date, and requested they be updated.

There was an exchange of questions and answers relating to whether this development was in accord with the planning policy and guidance updated by Northmoor Parish Council in 2021. It also covered flood risks outside the control of the applicant, the entrance/exit from the development onto the Standlake Road and whether it would be used as a precedent for other developers in Northmoor.

Northmoor Parish Council said that it would make these issues know to the planning officer for WODC and ask that they be taken into consideration by the Planning Committee.
